

Compact Cash Deposit Machine

GT5800H-D17

The D17 series cash deposit machines are equipped with high-speed cash processing modules and large-capacity safes, enabling high-speed bulk deposits and providing users with efficient and secure cash deposit solutions. They enhance the security of cash storage, facilitate fund supervision, and reduce the frequency of cash transfers as well as operational costs.

This series is suitable for financial institutions, the retail industry, and other locations with substantial cash transactions, offering 24-hour uninterrupted services.

High-Speed Bulk Deposits

High-Capacity Cash Bag

Reliable Quality & Durability

Easy Deployment And Maintenance

Compact Design

Compact Cash Deposit Machine | GT5800H-D17

Features

Superior Performance: High banknotes processing speed (up to 780 notes/minute) with large infeed hopper considerably reduce deposit time for users. Optimized mechanical design and algorithm ensure ultra-low jam rate for smoother user experience.

Security Assurance: Equipped with a safe and a mechanical combination lock to ensure the safety of funds. It can be expanded with sensors and biometric modules to provide higher security guarantees for different scenarios.

Efficient Application: It supports business functions such as deposit, payment and recharge. This solution significantly reduces the frequency of cash transportation, lowers operating costs, and is more cost-effective.

Flexible Configuration: According to diverse scenario requirements, it can be equipped with a PIN pad (EPP), contactless card reader, camera, larger screen, and different deposit capacities.

Specifications

Controlling Unit

- ◆ Intel® i3/i5 CPU
- ◆ 8G RAM
- ◆ 128G/ 256G/500G SSD
- ◆ Windows® 10
- ◆ Support: LAN, COM & USB

Banknote Processing Unit

- ◆ Bulk Note Deposit Module:
 - Processing Speed: 780 notes/minute
 - Infeed hopper capacity: 500 notes
- ◆ Support Envelope deposit: 180mm x 90mm
- ◆ Reject Slot Capacity: 100 notes
- ◆ Escrow Capacity: 200 notes

Cash Storage:

- Type of cash container: composite fiber cash bag
- Capacity: 6,000 notes, 15,000 notes

Customer Interfaces

- ◆ Display:
 - 11.6-inch touch screen or larger
- ◆ Receipt Printer:
 - 58mm graphical thermal printer
- ◆ Barcode Scanner (opt.)
- ◆ NFC Contactless Card Reader (opt.)
- ◆ Audio speaker

Communication

- ◆ Standard TCP/IP connection
- ◆ WLAN (Opt.)
- ◆ 4G LTE (Opt.)

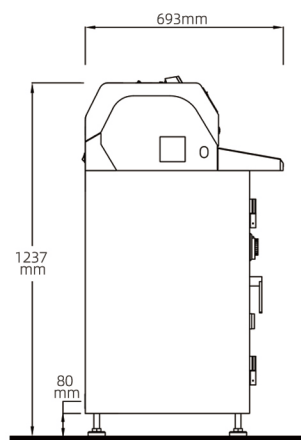

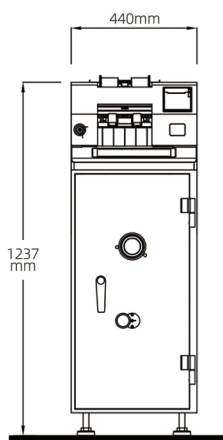

Security

- ◆ Physical:
 - mechanical lock(optional: electronic lock)
 - UL291 Level 1 safe(opt.)
 - Vibration alarm (opt.)

Working Environment

- ◆ Temperature:
 - Indoor: 32°F(0 °C) to 104°F(40°C)
- ◆ Relative humidity: 20% to 90% non-condensing

◆ the actual capacity is subject to the thickness and fitness of local currency
